PROFESSIONAL SUMMARY

Programme manager with 9 years delivering multi-team technology and operations change in logistics and healthcare. Ran portfolios up to EUR 12M and 60 people across four countries, with a record of recovering late programmes and landing them within revised budget. Comfortable owning the plan, the governance and the difficult conversation. PRINCE2 and SAFe RTE certified.

PROFESSIONAL EXPERIENCE

Senior Programme Manager

Northwind Logistics | Rotterdam, Netherlands | Mar 2022 - Present

- Own a EUR 12M warehouse-automation programme across 3 sites and 6 vendor teams; delivered phase 1 on time and 4% under budget
- Recovered a 9-month-late customs-platform migration by re-baselining scope with the CFO and cutting 14 low-value features; went live 11 weeks after re-baseline
- Introduced a fortnightly portfolio review and a single risk register; escalations to the steering committee fell 60% in two quarters
- Manage 4 project managers; two promoted within 18 months

Project Manager

Fabrikam Health | Utrecht, Netherlands | Jan 2019 - Feb 2022

- Delivered an electronic-patient-record rollout to 11 clinics (2,300 users) with zero unplanned downtime during cut-over
- Ran vendor selection and a EUR 3.4M contract negotiation; secured a 12% reduction against the initial quote
- Built the change-management plan (training, super-users, floor-walking) that took adoption to 94% within 30 days

Business Analyst, then Junior Project Manager

Contoso Energy | Eindhoven, Netherlands | Sep 2016 - Dec 2018

- Mapped billing processes for a system replacement and wrote the requirements pack used by 3 delivery teams
- Coordinated a 12-person data-migration workstream through 4 rehearsals to a clean go-live
